**SANTA CLARA COLLEGE, S. J., CAL.**

This Institution is under the superintendence of the Fathers of the Society of Jesus, and is open to all, who choose to avail themselves of its advantages. It is situated in the beautiful valley of Santa Clara, so celebrated for the salubrity of its climate, and is quite close to the San José and San Francisco Railroad.

The College was founded in 1851. On the 28th of April, 1855, it was incorporated, and empowered to confer degrees and academical honors, and to exercise all the rights and privileges common to any other literary Institution in the United States.

The Institution has a full staff of Professors, and presents advantages for the mental, physical, and moral training of the Students, unsurpassed in California. It possesses a complete Philosophical Apparatus, manufactured in Paris, expressly for Santa Clara College, to which new and important additions are being made every year to keep pace with the progress of Science.

The Chemical Laboratory is provided with a full assortment of chemicals, furnaces, and all that is necessary to enable the Students to acquire a practical knowledge of Chemical Analysis and Assaying. Connected with this Department there is a Photographic Gallery, where the Students may learn Photography; practical lessons are given also on the Electric Telegraph.

The Museum of Natural History comprises a large collection of Mineralogical and Conchological specimens from different parts of the world, besides several natural curiosities.

The College Library contains about ten thousand volumes.

For the purpose of improving themselves in public speaking, the more advanced Students have formed Literary Societies, provided with select Libraries, to which they may have access in their leisure hours.

To excite a laudable emulation, the places obtained in the several classes by the Students are monthly announced, and printed certificates given to those who have distinguished themselves by improvement, diligence and good conduct.

At the end of the year, gold and silver medals, and valuable premiums, are distributed to the most worthy.

Besides an extensive play-ground and a large gymnasium, the Students have a safe and commodius artificial swimming pond, supplied by an artesian well in the centre. In winter, they have warm baths in the College.

For the sick, there is a neatly furnished Infirmary with an apothecary shop attached; and besides the daily visit of an able Physician, an experienced Infirmary is constantly in attendance.

To cultivate the heart no less than to develop the intellectual and physical faculties of their Pupils, is a duty kept constantly and sacredly in view by the Fathers.

In order the better to attain this great object, experience having proved the necessity of separating the younger from the older Students, their dormitories, play-grounds, study-halls, etc., are now entirely distinct.

## SYSTEM OF INSTRUCTION.

---

The Scholastic year consists of but one session. It begins about the end of August and closes about the end of June, with a literary and scientifical exhibition, the conferring of degrees, and the distribution of premiums.

The plan of instruction embraces two distinct courses, the *Classic* and *Scientific*.

The *Classic* includes the full course of studies as laid down below.

The *Scientific* comprises the same with the exception of Latin and Greek.

There is, besides, a Preparatory Department, in which Spelling, Reading, Writing, and the elements of Arithmetic, History and Geography are taught.

Towards the end of December and June, there is a private examination of all the classes.

### S. B.

The Student who has pursued the course prescribed for the Scientific Department, and after due examination is judged competent, is entitled to the degree of Baccalaureate of Science.

## GENERAL REGULATIONS.

When a Student has been admitted into the College, he is examined by the Prefect of classes and placed in the class for which he may be adapted. He then passes on regularly through either the classic or the scientific course.

At any time during the year and particularly at the minor examinations, if any one be found capable of passing to a higher class, he will be promoted.

No one will be admitted unless he has a good moral character.

Any one coming from a different Institution will be required to produce a

satisfactory recommendation from the Principal of such Institution.

No one can become a pupil of the Institution for a less period than half a session.

As the members of the College profess the Catholic Religion, the exercises of religious worship are Catholic; but members of any religious denomination are received, provided they be willing, for the sake of order and uniformity, to be present, with propriety, at divine worship in the Institution.

No Student will be permitted to leave the College on visits of any length, except at the Christmas holy-days, from the twenty-third of December to the third of January, if such be the wish of his Parents or Guardians.

The Students however whose Parents live in the vicinity of the College, are allowed to visit them once a month; but they must return before dark.

Any Student leaving the College for Sumner Vacation, or at the Christmas holy-days, and failing to be present at the day appointed for reopening the classes, will, by the fact of absence, be excluded from the College until the following session; except in case where the Parent or Guardian of the dilatory Student shall show cause of absence which the Faculty of the College shall consider wholly sufficient.

No one will be allowed to leave the precincts of the College except accompanied by a Tutor or Prefect.

All Thursdays of the Academic year are vacation days, but should an extraordinary holy-day happen on Tuesday, Wednesday, or Friday, Classes will be continued on Thursday as usual.

The Students will not be permitted to have any books or publications except such as have been approved by the President.

All letters not known to be from Parents, are subject to the inspection of the President.

The use of tobacco is positively prohibited.

To form Clubs or Societies, to hold meetings of any kind without the consent of the President; the habitual use of profane language; any gross immorality, committed either within or without the precincts of the Institution; the possession or distribution of immoral publications or pictures; intoxication; absence from the College at night without the permission of the President; formal disobedience to any of the Officers, expose the offenders to dismissal.

Violations of the established discipline of the College are suppressed in a mild but effectual manner. Should any Student prove refractory, or immoral in spite of all efforts to correct him, he will be sent back to his Parents or Guardians.

Twice a year bulletins are sent to Parents or Guardians, to inform them of the health, conduct and proficiency of their Sons or Wards.

## SPECIAL DIRECTIONS

On entering the Institution, the Students must be provided with two pairs of sheets, three pillow cases, a *white* counterpane eight feet by seven, three suits of clothes adapted to the season, a sufficient number of shirts, drawers, handker-

chiefs socks, shoes and other articles of wardrobe ; napkins, towels, combs, brushes and other indispensable articles.

It is very much desirable that the best of the three suits above mentioned should be of a dark blue cloth to be used as *College Uniform* in and out of the College, and also as *Cadets Uniform*. For particulars apply to the President of the College.

All the clothing of the Students will be under the charge of a wardrobe keeper, whose duty will be to keep the clothes in good order. The mending of clothes and shoes will be done in the Institution at reasonable charges.

As the Students are not allowed to have money in their own custody, the pocket money must be deposited with the Treasurer. It is the wish of the Faculty, that not more than twenty-five cents per week be allowed to any Student.

For clothing, books, pocket money, and the like, no advances are made by the Institution. To meet such incidental expenses, a sufficient sum must be deposited with the Treasurer.

The Students whose Parents do not live in the County of San Francisco or of Santa Clara must have a responsible Agent either in San Francisco, San José, or Santa Clara.

When at the end of the session, Parents or Guardians wish to have their children or wards sent home, they must give timely notice, settle all accounts, and forward money to defray traveling expenses.

**N. B.** Parents or Guardians, intending to place their children or wards in this Institution, are recommended to send them at the commencement of the session ; and whenever they wish their children or wards to be sent home, especially if it be during the session, they are requested to inform the President of the College by letter *directed to him*.
